# These Boots are Made for Puddles

by Linda Rae Liss

I got rain boots for my birthday  
and I plan to roam around.  
I will splish and splash through puddles  
and make a splashing sound.

Now I listen to the rain fall  
PLOOP, PLOOP, PLOOP on my roof  
and when I wake up in the morning  
I plan to be a goof.

For my boots are made for puddles  
and splashing is what I'll do  
cause if you had rubber boots on  
isn't that just what you'd do too?

I got rain boots for my birthday  
and I plan to roam around.  
I will scoot through all the puddles  
on the streets around my town.
